

Woodlore® Shutters

Features and Benefits

- Built around the concept of modern convenience, Woodlore is made of composite wood harvested from well-managed forests and finished with a polypropylene coating that prevents moisture absorption and allows for easy stain removal. It **resists cupping, warping and twisting**.
- **Reinforced engineered stiles** – Stile core durability reinforced with multiple layers of wood bonded together. The result is a robust support system for shutter panels.
- **UV inhibitor** protects shutters and home décor from UV rays, prevents color fading and sun damage.
- Woodlore's **classic solid colors** harmonize brilliantly with any décor. **The beauty, durability and quality finish** of Woodlore shutters **is reasonably priced**.
- Multiple stile options are available in various sizes to accommodate different window configurations. **Astragal** or **Rabbit stiles** provide a natural light block between panels.
- A wide range of **frames with inserts**, which keep installation screws out of sight for a clean and decorative look, match any style and preference.
- Personalize shutters with **special options**. Choose from fixed louvers, hidden or offset tilt rods, café styles, bay and corner window shutters, track systems and many more.
- Quick and easy on-site assembly and installation with the **pre-installed magnets and hinges, pre-mitered frames** and **slotted keyholes**.
- A guarantee of Norman Shutters exemplary quality with a **lifetime limited warranty on materials and workmanship**.
